Tuition fees are currently free and instrument hire is £85.00 per year.

## Section 4: School Policies & Practical Information

### Payments to Schools

The school currently accepts payments online, using a secure website called ParentPay, for items such as school meals and trips. The ParentPay system is easy to use and offers parents the freedom to make payments by debit or credit card, whenever they like, ensuring that monies reach schools safely and securely.

The system helps to remove the costs associated with having to manage cash securely on school premises and it frees up time to better support the smooth running of the school. If for any reason, you are unable to access ParentPay, we can give you a PayPoint Letter which will allow you to pay money to the school. The more parents use the service, the greater the benefit to the school, the parents and the pupils alike.

If you already have a ParentPay account you don't have to do anything. If you haven't yet activated your ParentPay Account, please contact the school office who will reprint your activation letter to enable you to set up your ParentPay account ready for the start of the new term.

### Emergency School Closure Procedures

In exceptional circumstances the school may be unable to function normally. The school may be affected by severe weather or power failures. We shall do all we can to let you know about the details of closure and re-opening through the local radio, press, text messages and letters home. You can be assured that we will never send a child home without first checking that there is an adult at home.

## Section 4: School Policies & Practical Information

### Enrolment & Placing Requests

Prospective parents who wish to come to see the school are invited to telephone the school office to make an appointment to visit.

If you wish to apply for a school place, whether you are moving into Dundee or moving between two Dundee schools, you need to complete a placing request form. To do this, you should apply online, on the Dundee City Council website - go to **Schools & Learning** then **Enrolments and Placing Requests** and select **In Year Change of School**. If you are moving into the area, applications can be made 4 weeks prior to your arrival. Applications are dealt with in date order and the process may take up to 60 working days.

Parents of prospective Primary 1 pupils who reside in the school's catchment area are asked to register their child's name online on the DCC Website - again, go to **Schools & Learning** then **Enrolments and Placing Requests** then select **P1 Enrolments into Catchment School** between December and the February of the year the child starts school.

Parents of children living outwith the school's catchment area, who wish their child to attend the school, are asked to make a placing request online on the DCC Website - again, go to **Schools & Learning** then **P1 or S1 Placing Requests**. Placing Requests are dealt with in date order and the process should be concluded by the end of April.

### School Absence procedures

Please contact the school as soon as possible if your child is absent. This can be done by calling the school office or sending a message through SeeSaw or Parents Portal.

If your child is absent and no contact is made by you, a text message will be sent from the school. If three days pass without explanation for an absence our School and Family Development Worker will arrange to visit you and your child at home.

## Section 4: School Policies & Practical Information

The following points are included in the Education Authority's Attendance Initiative

- If your child is ill and cannot attend school please contact the school before, or as soon as possible after 9.00am on the first day of absence.
- If the absence is planned, e.g. a hospital appointment, we ask you to let us know prior to the absence.
- If your child is absent for more than three days please call again or write to tell us.
- If you have not contacted the school to say your child is absent and have received a text message please contact us as soon as possible.

Regular attendance at school ensures your child is receiving the continuous education they are entitled to. Dundee City Council asks that, where possible, parents do not take children out of school for family holidays during term time. In accordance with Scottish Executive guidelines for pupil attendance, most holidays are recorded as unauthorised unless there is proof from an employer that this is the only time when holidays could be taken.

A guide for parents about school attendance explains parental responsibilities with regard to children's attendance at school – <http://www.scotland.gov.uk/Publications/2009/12/04134640/0>

### Appointments

If your child has an appointment during the school day or needs to leave school for any other reason, please put this in writing. We would appreciate it if routine appointments could be made outwith school hours but understand that this isn't always possible.

If your child does need to leave school during the school day they must be collected by a parent/carer at the main reception. In the interest of safety we cannot allow children to leave the school unaccompanied.

## Section 4: School Policies & Practical Information

### Accidents/Illness at School

In the event of a child having an accident or becoming ill at school we will attempt to contact the parents so that they can collect the child. However, if we cannot contact the parents, we will call the other Emergency Contacts.

**Therefore it is very important that parents inform the school of the name, address and telephone number of the Emergency Contact and advise the school immediately of any changes that occur.**

### General Safety

1. Pupils are not allowed to leave the school grounds during interval
2. Pupils staying for school lunches or packed lunches must not leave the grounds during lunch time
3. To ensure the safety of all children, children should behave responsibly both in the playground and within the school

### Promoting Positive Behaviour

We believe that everyone at Mill of Mains Primary School has the right to be respected as an individual. Our school strives to create a happy, protective and encouraging environment where our pupils can learn and grow into independent and respectful individuals.

## Section 4: School Policies & Practical Information

We expect all adults and pupils to:

- Treat each other with courtesy and consideration, by treating others as we wish to be treated ourselves.
- Talk and listen to one another in order to understand and respect each other, making sure we hear all sides and do not jump to conclusions.
- Be fair and consistent to each other, however we recognise that by treating people fairly we may not treat everyone the same.
- Value, take pride in and care for the school by looking after school property and equipment.

We believe that teaching children the skills of self-discipline, cooperation, respect and tolerance towards others are a crucial part of the curriculum.

### **School Concerns and Complaints Procedures**

If you want to talk to your child's teacher or a member of the senior staff it is generally better to make an appointment. This ensures that the member of staff is available, that classes are not disturbed and that pupils' lessons are not affected.

If you have made a complaint to the school and you are not satisfied with the outcome, you can have your complaint reviewed by a senior officer in the Children and Families Service.

Education Department publications can be found at:

<http://www.dundeecity.gov.uk/department-publications/Education>

## Section 5: Parental Involvement

Our Parent Council chairs at present are Ms Megan Bertie and Mrs Lindsey Marnie. Our Parent Council is a group of parents who have been selected in accordance with the Parent Council constitution to represent all the parents of children at our school. Parents of any child at Mill of Mains Primary can seek to be part of the Parent Council in line with arrangements set out in the constitution.

The aims of the Parent Council are:-

- To work together with everyone involved in school life - parents, learners, teachers, school staff and the wider community
- To make sure that all parents have a say in their children's education - and are able to express their views and wishes
- To build links between the school, parents, pupils, nurseries and pre-school groups and the community

Our Parent Council meets at least once each term and meetings are open to all parents. Information is included in school updates and SeeSaw messages and are sent to parents to remind them of the meetings.

Our Parent Council organise various events throughout the year for parents and families. From the money raised in the past, they have purchased additional resources for the school.

## Section 6: The Curriculum

### Curriculum for Excellence 3-18

Curriculum for Excellence has been introduced to raise standards of learning and teaching for all pre-school to 18 year olds. It aims to help prepare children and young people with the knowledge and skills they need in a fast changing world. As part of Curriculum for Excellence all children from pre-school to the end of S3 will receive a rounded education known as a Broad General Education. Curriculum for Excellence is all about bringing real life into the classroom and taking lessons beyond it.

Through the experiences we provide we want our children to become Successful Learners, Confident Individuals, Responsible Citizens and Effective Contributors. We are committed to providing children with a broad general education and focus on eight curriculum areas.

<b>Expressive Arts</b>	<b>Health &amp; Wellbeing</b>	<b>Languages</b>	<b>Mathematics</b>
<b>Religious &amp; Moral</b>	<b>Sciences</b>	<b>Social Studies</b>	<b>Technologies</b>

Progress in learning is indicated through curriculum levels as detailed below.

<b>Level</b>	<b>Stage</b>
Early	The pre-school years and P1 or later
First	To the end of P4, but earlier or later for some
Second	To the end of P7, but earlier or later for some
Third & Fourth	S1-S3, but earlier for some

**Expressive arts:** The inspiration and power of the arts play a vital role in enabling our children and young people to enhance their creative talent and develop their artistic skills.

**Health and wellbeing:** Learning in health and wellbeing ensures that children and young people develop the knowledge, understanding and skills which they need now and in the future to help them with their physical, emotional and social wellbeing.

## Section 6: The Curriculum

**Science:** Science and its practical application in healthcare and industry is central to our economic future, for our health and wellbeing as individuals and as a society.

**Social Studies:** Through social studies, children and young people develop their understanding of the world by learning about other people and places both past and present, societies, their beliefs and values.

**Religious and moral education:** Religious and moral education includes learning about Christianity, Islam and other world religions, and supports the development of beliefs and values.

**Languages:** Knowing other languages and understanding other cultures is a 21st century skill set for students as they prepare to live and work in a global society.

**Mathematics:** Mathematics equips us with the skills we need to interpret and analyse information, simplify and solve problems, assess risk and make informed decisions.

**Technologies:** The range of subjects in technical education has changed significantly over the last two decades and now includes craft, design, engineering and graphics.

## Section 6: The Curriculum

### **Getting it Right for Every Child (GIRFEC)**

The GIRFEC approach is about how staff in all children's services meet their needs by working together to ensure that children reach their full potential.

[www.scotland.gov.uk/gettingitright](http://www.scotland.gov.uk/gettingitright)

### **Religious Observance**

Through the ethos and curriculum, we provide opportunities for pupils to explore morals and values. We help learners develop their own beliefs, values and a responsible attitude to others. Pupils are encouraged to develop an understanding of Christianity and other religions. Pupils develop skills of reflection, critical thinking and how to act when making moral decisions. The school welcomes diversity and individuality while emphasising our common commitment to moral values such as honesty, respect for others, compassion and justice. It is a fundamental principle of the school that all who are involved in the life of the school have the right to be respected as individuals and carry the responsibility to act in a considerate and respectful manner towards others.

Under the terms of the Education (Scotland) Act 1980 "any pupils may be withdrawn by his/her parents from instruction in religious subjects and from religious observance" Parents wishing to exercise this right should discuss with the Head Teacher.

### **Sensitive Issues**

Part of our curriculum involves teaching the children about issues which could be considered sensitive i.e. sexual health and relationships education or drugs and alcohol awareness. If any parent is concerned about what is being covered within the curriculum however, they should feel free to speak to a member of staff about this.

## Section 6: The Curriculum

### Assessment

Assessment takes place continuously in every classroom within a process known as formative assessment. Teachers observe and talk to children and look at their written work to build up a picture of where each child is in their learning. Assessment tasks are planned and built into day to day learning activities.

From this, teachers help children to see how they can improve and what they need to practise. Self and peer assessment are important parts of this - pupils assess their own learning and help each other to improve.

Within the area of assessment, pupils' learning progress is also measured using standardised assessments which allow the school to develop diagnostic profiles of pupils' strengths and development needs. These assessments also allow comparisons with national levels of attainment. Currently, Scottish National Standardised Assessments (a series of computer-based adaptive tasks) are used to support teachers' judgements of progress in P1, P4 and P7.

The progress of every pupil is tracked throughout their school career. Individual Folios of work, learning journals and other profiles are started in Primary 1 and built upon throughout each child's school experience. These provide evidence of learning progress and aid reporting to parents/carers.

### Reporting to parents

Throughout the year, teachers report to parents in a number of ways relating to the progress of the children. This takes the form of Parents' Evenings, formal reports at the end of the school year and also opportunities for further meetings with staff throughout the year if required.

Building the Curriculum 5: a framework for assessment provides guidance around the assessment framework –

### **Transition to Primary 1**

Whether your child is transferring from nursery to Primary 1 or from Primary 7 to secondary school or indeed transferring stage through school they will be entitled to support during this process. School staff make every effort to ensure that important information about your child, their learning and progress and any additional support they require is communicated to the teacher at the next stage of learning.

The school encourages parents to discuss these changes and the senior management team will be happy to meet with you to allay any concerns you may have over the new arrangements for your child.

### **Transfer to secondary school**

When your child is due to leave the school at the end of Primary 7, he/she will be allocated a place at their catchment school. The move from primary to secondary school can be a daunting step for pupils and parents. To make this time in the pupils' school career more comfortable, we work closely with secondary schools to provide a range of transitional activities throughout Primary 7. These include Primary School visits from secondary school staff and also a 2 day visit to the secondary school where pupils follow a secondary school timetable. Around this time, secondary staff meet with the Primary 7 teachers to discuss the needs of the children.

## Section 7: Support for Pupils

Most children make satisfactory progress in school and their education can be fully supported by their class teacher. Some children may, however, need additional support to help them access learning in the classroom. Assessment and planning for their needs will be done through a Child's Plan which identifies their strengths, barriers to learning and what action or support required to meet their additional needs. A very small number of children with significant and long-term additional support needs may meet the criteria for a Co-ordinated Support Plan. These will be children who receive a lot of support from people outside education; for example, from health and social work staff.

Support for learning takes place in every class and is the responsibility of all staff in the school. All of our pupils are encouraged to work to the highest level of their ability and extra help is available for children who may require it to help them achieve their potential. The Head Teacher, teachers and other staff work closely to ensure that children and young people's individual learning needs are met.

The work of Support for Learning staff is co-ordinated by the Head Teacher, is regularly reviewed and is based upon pupil need. Support may be given within the class or within another setting, and may be within a group although it is always based upon the needs of the individual child.

The procedures and processes by which an individual child's needs are identified and addressed are set out in Dundee City Council's Children and Families Service policy on Supporting Learners. Central to this is the assessment of need using a staged intervention model and the involvement of parents. We also maintain very valuable partnerships within education and with agencies beyond to support pupils who have additional needs of any kind.

To help assess the specific needs of any pupil who may require extra help the school is able to call upon the services an Educational Psychologist from Dundee Educational Psychology Service. Before such a step is taken, parents are always contacted and the reason for such a referral is fully explained and parental co-operation sought.

## Section 7: Support for Pupils
